Memo

While applying ~~In the course of his application~~

for funds for the construction of the Hobli school building at Nallur in Chavnagere Taluk, the Inspector of Wks requested information as to

Serial No 43

whether it was necessary for him to submit to Govt all those cases of building works which cost more than Rs 5000/, but the net cost to Govt of which was less than Rs 500 after deduction the contribution paid by the villagers

Govt directed that a separate reference should be made on this point

Sl No 45

showing how cash contributions paid by the villagers were dealt with whether they were credited in the Treasury accounts to the Funds concerned or were merely held in deposit either in the Treasury or in the hands of the Dept Officers

The Insp[r] Gl reported that all such contributions had been

by the villagers were as a rule deposited in the Govt Treasury where they remained till ~~they were~~ utilized

On this, the Comptroller was consulted as to whether the practice of depositing such contributions with liberty to withdraw whenever required is objectionable

Sl no 47

The Comptroller who has just sent in his reply, is of opinion that these amounts should not be treated as deposits They should be entered under a separate distinct head immediately ~~below~~ below the Village school Fund, all withdrawals therefrom being pre audited in his office

The points for decision are,
(1) how these amounts of contribution should be treated, whether as deposits or how else
(2) Whether it is necessary for the Govt to obtain ~~the~~ Govt's

The Govt may decide

B Costing more than Rs 500, the cost net
Cost of Work to Govt is less than Rs 500 after
deducting the contributions paid
by the villagers

Sl 1 SIR,

Sections 43 A — With reference to Government order No 7877-8 / Ed Js 19-96 of the 11th January 1897, I have the honour to inquire whether it is necessary to submit, for the sanction of Government, the estimates of all works, whether original or repairs, of which the total cost exceeds Rs 500, but the net cost to Government is less than Rs 500 after deducting the portion of the cost payable from the contribution made by the people.

Sl 2 2 With reference to para 2 of Government order No 2157-8 X / Ed Js 20-96 of the 9th August

1897, I beg to inform you that as a rule
all contributions made by the people towards
the cost of buildings of village schools
are deposited in a Government Treasury
where they remain till they are utilised.
Of late, however, some Builders under
orders from the Comptroller have objected
to retain the subscribed amounts
as deposits for more than a year
and have credited them to the Village
School Fund. The Comptroller was asked
in my letter No. 38/5 dated 3rd July 1896
to permit such deposits to remain
in the Government Treasury till they are
utilised, but he has not yet favoured
me with a reply. No contributions from
the people to the cost of Taluk Schools
which are built from State Funds
have ever been received.
